

Meridian IT Inc. Now a Premier Partner in the VMware Partner Network

Meridian IT Inc., (a Meridian Group International, Inc. Company), Deerfield, IL—July 28, 2010, announced that it has become a Premier-level partner in the VMware Partner Network. This achievement demonstrates Meridian IT's continued efforts in becoming an expert in VMware virtualization solutions. Further, Meridian IT has taken the necessary steps to ensure that both pre-sales and delivery technical engineers have met the level of expertise required to be a Premier-level partner.

"VMware is pleased to recognize Meridian IT with Premier status, the highest partnership level within the VMware Partner Network," said Brandon Sweeney, vice president, Americas channel sales, VMware. "We value our relationship with Meridian IT and look forward to even greater success in the future."

As a Premier-level partner, VMware recognizes Meridian IT as a go-to solution provider that can deliver the most comprehensive VMware solutions and services to customers on the journey to cloud computing. Premier-level partners are the most qualified partners in the VMware Partner Network and with this distinction, Meridian IT has demonstrated a broad range of expertise and the ability to best serve their customers' needs desktop, datacenter and cloud computing solutions. "Meridian IT is delighted with our partnership with VMware, which continues to help us evolve and grow our business. Meridian is fully committed to providing a full-range of high-value solutions to our customers and VMware is a vital part of that equation", said Lisa Pettay, president, Meridian IT Inc.

VMware Partner Network is a comprehensive program that provides a common infrastructure, extensive sales and services tools, margin opportunities and industry-recognized training for the entire VMware partner ecosystem, including solution providers, technology partners and original equipment manufacturers (OEMs). VMware Partner Network is designed to help ensure a more consistent and successful user experience as well as help partners increase their business potential by increasing their skills in VMware solutions. The program helps partners maximize their investments in VMware virtualization to provide customers with the best end-to-end virtualization solutions available.
